## HOW TO USE THIS LIST

This list gives the publications of the U.S. Department of Agriculture currently available as of July, 1971. Department publications are intended primarily for farmers, consumers, homemakers, suburbanites, research workers, teachers, and others who are interested in agriculture or related subjects.

SECTION I tells how to order free publications from the Department and publications that are for sale from the Government Printing Office.

SECTION II gives titles of publications, classified by subject matter.

SECTION III is an alphabetical listing of subjects and a ready reference to titles.

For published reports of State agricultural colleges and State agricultural experiment stations, write directly to the station concerned. Addresses are available from the Office of Information on request.

### GENERAL INFORMATION

#### HOW TO OBTAIN FREE PUBLICATIONS

Publications are free, as long as the supply lasts, unless a price is given. On general requests not more than one copy each of 10 publications is allowed. Justification is required if more are requested. Use the following instructions as a guide.

##### **Educational Institutions**

Libraries and instructors may obtain as many as one each of 100 free publications. Justification is required if more are ordered. The Department is unable to supply them in quantity for individual textbook use.

##### **Extension Workers**

Please follow instructions from your State Extension Distribution Officer, at the State office.

*When requesting popular booklets for the public (Farmers' Bulletins, Leaflets, and Home and Garden Bulletins), use your copy of the Annual Inventory of USDA Popular Publications and monthly supplements for the most recent titles.*

##### **Foreign Governments, Institutions, Residents, Private Agencies**

No publications issued by the Department of Agriculture will be sent regularly free of charge to any foreign government, institution, resident or private agency unless exchange arrangements have been made by the Director of the National Agricultural Library of the Department of Agriculture, who will be glad to arrange for such exchange of publications. All inquiries concerning exchange should be addressed to the National Agricultural Library, Exchange Desk, Beltsville, Maryland, 20705. Copies of any listed publication may be purchased from the Superintendent of Documents in accordance with the instructions under **How To Order Publications For Sale Only**. Prices not given will be quoted upon request.

##### **Government Agencies and Cooperators (Federal, State, county and local)**

Library and office copies of free publications may be obtained when needed. Consideration will also be given to quantity requests if effective distribution can be assured.

##### **Libraries (State or Public)**

One copy each of any free publication needed.

**Organizations (commercial)**

One copy each of free publications will be furnished to libraries on request. Not more than one copy each of 10 publications is allowed on other requests. If more are desired it is requested that they be purchased. Where prices are not given, they will be quoted on request from the Superintendent of Documents, Government Printing Office, Washington, D.C., 20402.

**Organizations (nonprofit)**

Library or office copies of free publications will be furnished on request. Consideration will also be given to quantity requests if effective distribution can be assured.

**Press**

Library and review copies of free publications will be furnished on request. Justification is required if more than 50 are ordered. Publications cannot be furnished for redistribution. Before publicizing a publication please obtain permission, as otherwise the supply on hand might not be sufficient to meet the demand.

**Public**

Not more than one each of 10 publications are allowed unless justification is given.

**Radio and Television Stations**

Library and review copies of free publications will be furnished on request. Justification is required if more than 50 are ordered. Publications cannot be furnished for redistribution. Before publicizing a publication please obtain permission, as otherwise the supply on hand might not be sufficient to meet the demand.

**Teachers**

Libraries and instructors may obtain as many as one each of 100 free publications. Justification is required if more are ordered. The Department is unable to supply them in quantity for individual textbook use.

**HOW TO ORDER**

After consulting the above guide write your name and address plainly. Postal regulations require the Department to use ZIP CODES. Please include YOUR ZIP CODE to insure delivery of the publications requested. Send orders for free publications to the Publications Division, Office of Information, U.S. Department of Agriculture, Washington, D.C. 20250. Give the title of bulletin and order number. To hasten action on your request, use **post card**, group the publications by the order-number letter and list numerically. See sample order below.

**HOW TO ORDER PUBLICATIONS FOR SALE ONLY**

Send order together with remittance for publications marked with an asterisk (\*) to the Superintendent of Documents, Government Printing Office, Washington, D.C., 20402. Remittances can be made by coupons which are sold by the Superintendent of Documents in the denomination of 5¢, postal money order, express order, or personal check. Currency may be sent at sender's risk.

Persons who make frequent purchases from the Superintendent of Documents may find a deposit account convenient. Deposits of \$25.00 or more are accepted whereby orders may be placed without making individual remittances or first obtaining quotations. Order blanks are furnished for this purpose. Sufficient deposit to take care of publications ordered must be on hand at all times.

No additional amount for postage is required for shipment within the United States, its territories, Canada, Mexico, and all Central and South American countries except as hereafter noted. For shipment to all other foreign countries, including Argentina, Brazil, British, French, and Dutch Guiana, and British Honduras, it is necessary to include an additional one-fourth of the total cost of publications ordered to cover foreign postage. Remittances from foreign countries should be by international money order payable to the Superintendent of Documents or draft on an American bank. Foreign money and postage stamps are not acceptable. **Exception:** When subscribing for a periodical do not send postage, as this is provided for in the foreign subscription price.

A discount of 25 percent is allowed to authorized book dealers and to purchasers of 100 or more copies of one publication on condition that the purchasers will adhere to the public sale price set by the Superintendent of Documents and that publications shall not be overprinted with any advertising matter.

## PUBLICATIONS NO LONGER AVAILABLE

Publications of the Department no longer in print may be consulted in public or university libraries maintaining government publications. Many of these libraries carry fairly complete files of Department of Agriculture publications. If the one nearest you is at any distance, time might be saved if you communicate with the library concerning the publications you want to consult before making a trip. In addition to unavailable publications, the ones listed herein may also be consulted.

## MICROFILMS AND PHOTOPRINTS

Microfilm and photoprint copies of any Department publication in the Library's collection may be bought from the National Agricultural Library, U.S. Department of Agriculture, Beltsville, Maryland, 20705. The Library's order form, available upon request, should be used in ordering. All charges are payable in advance. Credit may be extended Government agencies and institutions upon request. Payments should be made by check or money order payable to the "National Agricultural Library." Currency is sent at the sender's risk. Payment for orders originating outside the United States should be made by international money order, or by draft on a bank in the United States. National Agricultural Library coupons (obtainable from the Library at \$1.00 each) and UNESCO book coupons are acceptable.

Microfilm: \$1.00 for each 30 pages or fraction thereof from a single article or book.

Photoprints: \$1.00 for each 4 pages or fraction thereof from a single article or book.

## DESCRIPTION OF SERIES

### AGRICULTURAL ECONOMICS REPORTS

Semipopular or semitechnical reports on production, marketing, and use of agricultural products for professional and technical workers.

### AGRICULTURAL HANDBOOKS

Information for ready reference, such as manuals, guidebooks, specifications, glossaries, and list of plants or animals, for professional and technical workers.

### AGRICULTURE INFORMATION BULLETINS

Subject matter of interest to people and groups throughout the American public—urban as well as rural.

### CONSERVATION RESEARCH REPORTS

Reports of conservation research, including reports on less complete research projects than are reported in the Technical Bulletin Series.

### FARMERS' BULLETINS

Information on practical methods of applying the results of scientific research to farming in simple language.

**FOREIGN AGRICULTURAL ECONOMIC REPORTS**

Semipopular or semitechnical reports with emphasis on keeping the nation's agricultural interest informed of current developments abroad in the supply, demand, and consumption of agricultural products.

**FOREST RESOURCE REPORTS**

Economic information on forest resources.

**HOME AND GARDEN BULLETINS**

Information on home and garden subjects for use by town and city as well as farm residents.

**HOME ECONOMICS RESEARCH REPORTS**

Technical or semitechnical reports of home economics research for professional and technical workers in home economics and related fields.

**LEAFLETS**

Popular material of the same general character as the Farmers' Bulletin series but in a briefer form.

**MARKETING BULLETINS**

Popular presentations of information on agricultural marketing for the general public.

**MARKETING RESEARCH REPORTS**

Results of marketing research in semitechnical or semipopular style.

**MISCELLANEOUS PUBLICATIONS**

Both technical and nontechnical publications that do not conform to the size or type of material specified for the other series.

**PRODUCTION RESEARCH REPORT**

Semitechnical or semipopular reports of production research, with emphasis on the application of the information in the production of farm products.

**PROGRAM AIDS**

Information on current farm programs for people affected by the programs.

**PUBLISHED SOIL SURVEYS**

Soil surveys present a soil map of a county or area and a text that includes soil descriptions and important farm and nonfarm interpretations. Among the interpretations are land capability groupings, productivity ratings for trees, farm and horticultural crops, and soil ratings and limitations for town and country planning, dwellings, roads, sanitation, wildlife, recreation, and the like.

In addition, a technical discussion of soil morphology, the relation of soils to their environment, principles of soil classification, and a general description of the climate and other features significant to soil problems are included in soil surveys. Requests for a list of published soil surveys available in your state, or inquiries regarding these surveys, should be addressed to the Soil Conservation Service, U. S. Department of Agriculture, Washington, D.C., 20250.

**SCIENCE STUDY AIDS**

Experiments in agriculture, forestry, and related sciences for classroom use by teachers and students.

**SOIL SURVEY INVESTIGATIONS REPORTS**

Technical reports on soil investigations, particularly reports of detailed studies of soil information and laboratory data and approved descriptions of individual soils.

**STATISTICAL BULLETINS**

These publications consist mainly of tables of statistics on one or more closely related agricultural commodities. They may include statistics on production, movement from the farm, receipts at principal markets, reshipments, farm and market prices, exports and imports, and foreign production and prices. They are of particular interest to persons actually engaged in marketing, or any business affected by agricultural production and marketing.

### TECHNICAL BULLETINS

Technical Bulletins present results of research work carried on by the Department of Agriculture and its cooperators. They are written in technical language and are intended chiefly for distribution to scientists and specialists in the fields studied. Usually a comparatively small edition is printed which limits the number of copies that are available for free distribution.

### UTILIZATION RESEARCH REPORTS

Semitechnical or semipopular reports, with emphasis on the application of the information in the utilization of farm products.

### YEARBOOK OF AGRICULTURE

An annual publication devoted to articles on agricultural problems, new developments in agriculture, and research findings.

### AGRICULTURAL STATISTICS

The annual statistical compendium issued by the Department covering virtually all phases of agriculture.

### OTHER SERIES

Series other than above have been either discontinued or are issued by agencies of the Department to meet their individual needs. For descriptions of periodicals, see pages ———.

### HOW TO OBTAIN VISUAL AIDS

#### MOTION PICTURES

The motion pictures produced by the Motion Pictures Service, Office of Information, Department of Agriculture, are informational and instructional. They are

designed to aid in disseminating information on agricultural products, their production, distribution and utilization. They demonstrate improved methods in agriculture and home economics, stress the need for conservation of soil, forests, and other resources, explain the production credit system, forestry, land use, marketing, rural electrification, and kindred subjects, and help to increase the effectiveness of cooperative extension work.

The Department has available approximately 325 16-mm. sound films, most of which are in color. Approximately 225 of these films have been released for television use. Prints of Department films may be borrowed from 68 cooperating film libraries in the 50 States, the District of Columbia, and the Territory of Puerto Rico, or may be purchased outright at nominal cost. A catalog of films, with short descriptions, names and addresses of cooperating film libraries, and details regarding their loan and purchase is available from the Motion Picture Service, Office of Information, U.S. Department of Agriculture, Washington, D.C., 20250.

### FILMSTRIPS AND SLIDE SERIES

Filmstrips and slide series cover a variety of agricultural, and other home economics subjects and are accompanied by supplementary notes for lecture use. A price list of available filmstrips and slide series, which are for sale only, may be obtained from the Photography Division, Office of Information, U.S. Department of Agriculture, Washington, D.C., 20250.

### PHOTOGRAPHS

Reproductions of photographs which have been obtained in connection with authorized work may be purchased from the Department. Prices for prints and enlargements will be quoted upon request. However, no reproductions will be made for applicants, other than Federal agencies, until payment for them has been received. A minimum charge of \$1.00 is made on all orders.

A price list of photographs of drawings of crop seeds and seedlings may be obtained from the Photography Division, Office of Information, U.S. Department of Agriculture, Washington, D.C., 20250.

The Department will not furnish reproductions when it is believed that they may be used to show, by implication or otherwise, that the Department endorses any commercial product.

When ordering photographs of illustrations appearing in Department publications the negative number, if shown, title, and date of issuance of each publication should be given. Requests should be addressed to the Photography Division, Office of Information, U.S. Department of Agriculture, Washington, D.C., 20250.
